

tsd Technik-Sprachendienst earns recognition as a John Deere “Partner-level Supplier” for the fourth consecutive year

Cologne, Germany – tsd has earned recognition as a Partner-level supplier for 2018 in the John Deere Achieving Excellence Program. The Partner-level status is Deere & Company’s highest supplier rating.

The Cologne-based company was selected for the honor in recognition of its dedication to providing products and service of outstanding quality as well as its commitment to continuous improvement. Company employees accepted the recognition during formal ceremonies held on 13th of March 2019 in Mannheim, Germany. tsd is a supplier of service to John Deere’s operation in Mannheim; Dubuque, Iowa and Moline, Illinois.

Suppliers who participate in the Achieving Excellence program are evaluated annually in several key performance categories, including quality, cost management, delivery, technical support and wavelength, which is a measure of responsiveness.

John Deere Supply Management created the program in 1991 to provide a supplier evaluation and feedback process that promotes continuous improvement.

“Being honored as a partner level supplier for the fourth time in a row is a sign of great appreciation to our work”, says Dominique Puls, Chief Communication Officer at tsd. “The collaboration between John Deere and tsd has grown into a relationship that is characterized through trust, integrity and the ever growing desire to achieve even better services and products. John Deere is the most relevant global player in their fields of expertise and it fills us with pride to support them with our portfolio of multilingual services. We would like to thank John Deere for the confidence shown in us and hope that we will continue our successful relationship in the future.”
